

Get to know the MADRC website!

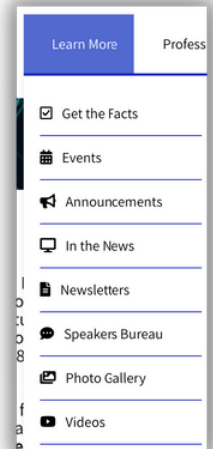

Recommended pages for helpful resources and information:

1 Community Tab:

This link brings you to one of MADRC's most sought-after resources - the **Aging & Memory Loss: Road Map Education Series**. Here you will find guidebooks on various topics such as research participation, caregiving, dementia diagnosis & more! The booklets are in English & Spanish.

2 Learn More tab:

Following this link brings you to popular sections including "**Get The Facts**" and "**Events**"

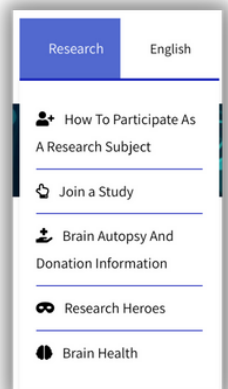

3 Patients & Caregivers Tab:

Selecting this tab will bring you to a menu that includes "**Need a Diagnosis**" (details on steps to take if you are seeking a diagnosis for cognitive issues) as well as "**Resources for Patients & Caregivers**" (a comprehensive list of supportive resources for people living with dementia and their family members).

4 Research Tab:

Click on this tab to find a wealth of information about participating in research studies. The menu includes: "**How to Participate as a Research Subject**," "**Join a Study**" (a listing of all study opportunities), as well as information about "**Brain Health**."
